PROGRAM NAME: AUTO LINKS

NATIONAL QUALIFICATION: Certificate 1 in Automotive

CODE: AUR10112

RTO Code: 6194

Pathway: This certificate is design to be an introduction to automotive and motorcycle mechanics and maintenance, in an entry level capacity. Further study in Certificate II or III in Automotive and/or School Based New Apprenticeship and/or a Full Apprenticeship in the automotive industry may follow.

Program Description: Certificate I in Automotive is a unique program designed for students with an interest in the automotive industry. Auto Links work in conjunction with Quality Automotive in developing student's skills in the areas of vehicle and small engine mechanics and repair, including engine components, systems and servicing, tools and equipment, WHS, environmental issues, car electrics, soldering and general mechanical work. This course combines structured work training, practical work sessions and theory into a single package designed to give students an entry level qualification in the automotive industry. Students are also required to complete 20 days of Structured Workplace Learning in a mechanical servicing business which will be arranged as part of the program. This certificate is designed to be an introduction to automotive mechanics and servicing in an entry level capacity. Further study in a Certificate II or III in Automotive and/or school based new apprenticeship and/or full apprenticeship in the automotive industry may follow.
