Construction Pathway

Certificate II in Construction – Pathways

Course Description

On successful completion of this pre-apprenticeship course you will have gained credits to enter your full apprenticeship in your chosen stream of construction. This certificate will also lead onto Certificate III in many of the building industry courses. The building industry is booming and there are job opportunities to be had at any stage of your career.

Benefits for students

• This course will give you the essential skills to gain work as an apprentice within the construction industry.

Pre-Course Experiences/Pre-requisites

No pre-requisites to study this qualification, however, suitable for students:

• In year 11 and 12 who have a desire for being part of the Building Industry
• A completion of Work placements in the Construction Industry would be beneficial.
• Adequate Literacy & Numeracy Skills,

Structured Work Placement

Students are required to undertake 140 hours of work placement. This is to be undertaken off site and must be clearly related to the student’s career pathway. A compulsory logbook must be kept and completed by student and work place provider.

Course Code: CPC20111 – RTO – TAFESA
