Construction Pathways
Certificate II in Construction

Course Description
Certificate II in Construction is a unique program designed for students with an interest in the building and construction industry. Building Links work in conjunction with Housing SA in renovating and remodelling existing Housing SA properties, with students developing skills in areas including carpentry, concreting, tiling, painting and decorating, joinery, plastering, bricklaying, landscaping and demolition. This course combines structured workplace training, practical work sessions and theory into a single package designed to give students a work ready qualification.

Pre-Course Experiences/Pre-requisites
No pre-requisites to study this qualification, however, suitable for students:
- In year 11 and 12
- Have a passion for being part of the Building Industry

Structured Work Placement & Other
Students are assessed on-the-job and this forms part of the student’s VET assessment requirements in completing the competencies required for the certificate. Students are required to attend White Card training on first week of the course. On the successful completion of the training they will be able to attend the worksite.
